

# CURRENT FINANCIAL OPPORTUNITIES

## **SCHOOL OF THE SHEPHERDS PROGRAM, PHASE 2 - \$10,000**

We have completed phrase 1, which is our 100 level series of six courses. This is a robust, structured, online, local-church-administered curriculum for preparing individuals to be shepherd-leaders. Phase 2 (the 200 level) involves additional courses to help new and existing elders grow in their theological understanding of key doctrines and books of the Bible, and to help them grow in their practice of shepherding God's people. The costs will involve technical development, curriculum creation and project management.

---

## **SPANISH WEBSITE PHASE 2 - \$20,000**

Development of a highly desired Spanish language BER website continues. We have gone live with Phase 1. You can see a button at the top of the BER website where you can select a language (either English or Spanish) – check it out! Now our Spanish team are developing their promotional campaign and gathering competent translators to begin working on the over 200 video lessons; this task is enormous but there is a great need and desire for the BER materials in Spanish. The costs include website development, transcription, translation, video dubbing, recreating videos with native speakers and project management.

---

## **ITALIAN WEBSITE PHASE 1 - \$50,000**

We have a team leaders on location in Italy and a team forming; what is needed now is funding to help get it off the ground. The foundational technical work has been done in the globalizing the BER website to handle the various languages. But the teams needs to support a local tech person, as well as provide for translation effort, transcriptions, video dubbing, etc. We have the plan, we have the people, we just need the financing now.

---

## **GENERAL BER SUPPORT (ADMINISTRATION EXPENSES) - \$30,000 (FOR 8 MONTHS)**

We have an efficient, minimal administrative staff composed of our BER director and two part-time assistants (and many volunteers). The director provides overall administration, guidance and execution of the BER ministry. As funds are available, we provide him with modest financial support to continue this work.

---

## **OTHER PROJECTS (FOR FISCAL YEAR 2018-19)**

Additional projects include:

- BER English website upgrade and content development - **\$10,000**
- Promotion materials- **\$8,000**  
(conference displays/presentations, literature, etc.)
- Travel to promote BER - **\$10,000**

*We can provide more details for any of these projections upon request.*
